

Foothills Academy Committees Overview

Cultural Performances Committee – This committee will research and present ideas to the FAPTO membership on the 4 performances this school year. Loosely, there will be 2 performances on campus and 2 off campus. All students need not see the same off campus productions. Ideas will be presented to the appropriate teachers, keeping in mind that the teacher's views and input on age appropriateness will have a heavy impact on any decision. The administration will have the final say on all performances.

Auction Event Committee – This committee will organize the Spring Auction, including the coordination of auction items, venue, menu, decorations, etc.

Auction – Corporate Contributions Committee – This committee will begin immediately soliciting corporate donations from sources off campus and within our school community.

8th Grade Graduation Committee – This committee will work closely with the administration to help coordinate and facilitate the 8th grade graduation ceremony.

Advisory Parents Committee – This committee will consist of a parent representing each advisory class. The parents will work as the liaison between FAPTO and the advisory teacher. They will be responsible for coordinating advisory activities such as the classroom auction baskets and Smart Bean Coffee sales. The advisory class parents, working in groups of 2 or 3 will also facilitate a "teacher appreciation" activity sometime throughout the school year. Activities will be such things as bringing in cookies or Starbucks coffee.

Blackhawk News Committee – This committee will be responsible for the production of the monthly newsletter. The executive committee will help coordinate the requests for teacher and administration articles.
